

REMARKS

Applicants respectfully request that the foregoing amendments be made prior to examination of the present application.

In the specification, a paragraph has been amended on page 1.

Claims 1-10 are requested to be cancelled. Applicants reserve the right to pursue the subject matter of the canceled claims in subsequent divisional applications. The cancellation of claims does not constitute acquiescence in the propriety of any rejection set forth by the Examiner.

Claims 11-13 are being added.

This Preliminary Amendment adds, changes and/or deletes claims in this application. A detailed listing of all claims that are, or were, in the application, irrespective of whether the claim(s) remain under examination in the application, is presented, with an appropriate defined status identifier.

Exemplary support for claim 11 is found in the specification on page 9, lines 2-11.
Exemplary support for claim 12 is found in the specification on page 9, lines 12-13.
Exemplary support for claim 13 is found in the specification on page 57, lines 4-9.

Upon entry of this Amendment, claims 11-13 will be pending in the application.

CONCLUSION

Applicants believe that the present application is now in condition for allowance. Favorable reconsideration of the application as amended is respectfully requested.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.
